

**Right:** The kitchen cabinetry was conceived by Kotur and architectural designer Alexander Stewart; a lithograph by Mary Evancho overlooks a slate countertop.

**Below:** The sitting room's custom-made sectional sofa is dressed in a Designtex fabric, with pillows of a Lee Jofa solid and a Kelly Wearstler for Groundworks print; Kotur designed the cocktail table, which is clad in basket-weave-pattern copper tile by Maya Romanoff, the 1950s palm-tree lamp is by Jansen, and the vintage Moroccan carpet is from Woven Accents.
