## Imbued with Elegance

Opulence and ornament come full circle in richly detailed surfaces that balance heritage and modernity. Designers embrace small-scale, multicolored patterns enriched by sheen, quilting, and embroidery, resulting in textiles with jewel-like refinement. Metallics, appliqués, and textural layering imbue surfaces with the elegance of craft and tradition elevated for hospitality.

### LOOKS

Multicolored, small-scale patterns with color-and-weave complexity

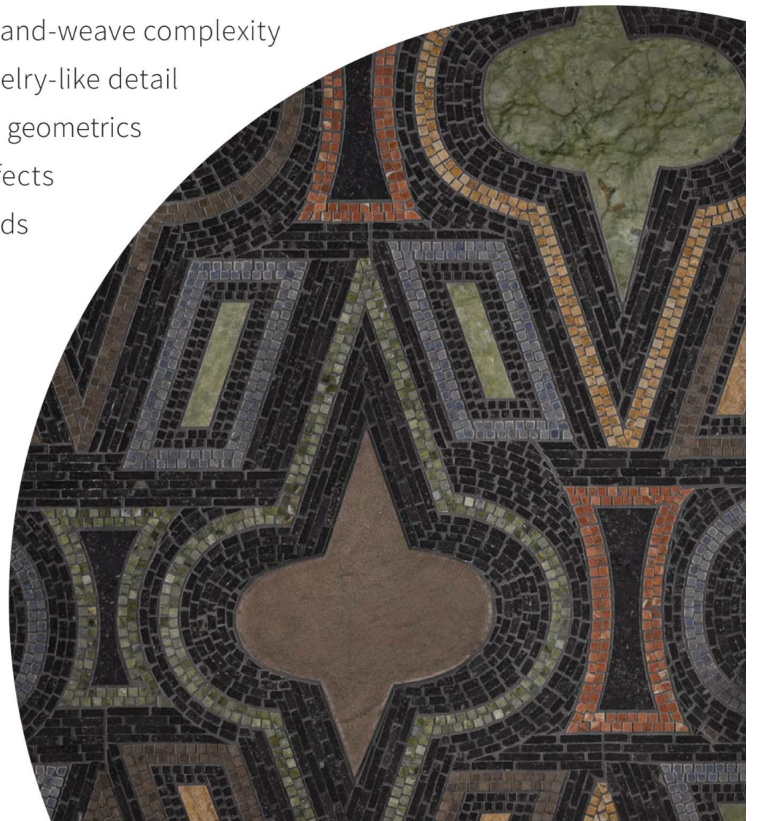

Appliqués & embroidered accents adding jewelry-like detail

Small medallions, framed motifs & symmetrical geometrics

Embossed & quilted surfaces, pile & velvet effects

Metallic finishes contrasted with matte grounds

Donghia x Artistic Tile

Brentano

Anzea
