MAYA ROMANOFF INTRODUCES TWO NEW ALLURING COLLECTIONS

Skokie, Illinois, December 2, 2024 – Maya Romanoff, the largest multi-disciplinary manufacturer of handcrafted wallcoverings in the United States, is proud to announce the launch of its highly anticipated Fall 2024 collections, featuring two alluring additions: [Ajiro Honeycomb™](#) and [Coco Chenille™](#). Showcasing Maya Romanoff's commitment to pushing the boundaries of surface design, these wallcoverings are the epitome of creativity, craftsmanship, and sophistication.

Ajiro Honeycomb™:

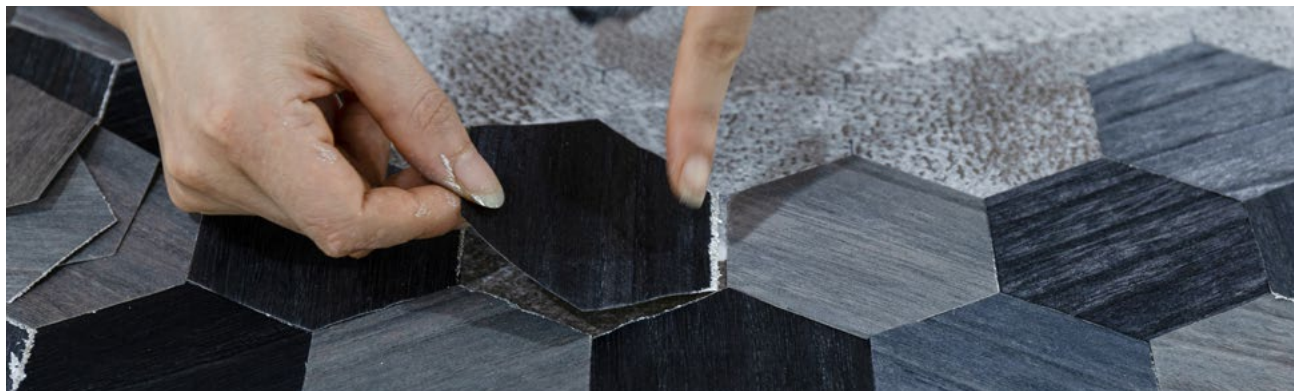

The latest addition to our Ajiro wood veneer wallcoverings family! Inspired by the structural integrity of a natural beehive, Ajiro Honeycomb elicits a feeling of balance and well-being. Multi-hued hexagonal shapes of paulownia wood are hand-painted and inlaid in an organic, free-flowing pattern. A metallic accent perfectly enhances this sustainable and flexible surfacing material.

Coco Chenille™:

Inspired by Coco Chanel's famous tweed jacket, Coco Chenille combines sophisticated and usable colors with the soft, inviting texture of a chenille-like fabric. Beloved for its cozy texture and perfect-for-any-room flexibility, this durable, embossed polyester brings depth and warmth to any space.

“My husband sagaciously referred to himself as Multifarious Maya. And our two new collections impressively represent that quality—with the range of materials, techniques and designs incorporated into the making of Ajiro Honeycomb and Coco Chenille. Maya’s legacy continues!” said Joyce Romanoff, CEO of Maya Romanoff.
