FOR IMMEDIATE RELEASE

### Grand Scale Ajiro Chevron™

#### Wood Veneer

The Japanese tradition of weaving ultra-thin Paulownia wood onto a flexible paper backing has been modernized to incorporate die-cutting, allowing for more versatile design options. Ajiro wood veneer wallcoverings have the ability to turn corners and wrap columns. Following the contemporary look of our original Ajiro Chevron, Grand Scale expands the design with 15-inch wide stripes that perfectly transform large spaces into spectacular settings. Cost-effective and environmentally sound, this renewable resource is beautifully stained in 15 hues and hand-finished in our Chicago studio. Ajiro wood veneer wallcoverings are an attractive alternative to costly millwork.

### Grand Scale Ajiro Coffers™

#### Wood Veneer

Much like our Grand Scale Ajiro Chevron, the Grand Scale Ajiro Coffers follows the Japanese tradition of weaving ultra-thin Paulownia wood onto a flexible paper backing. Ajiro Coffers is a hand-inlaid wood veneer set in a parquet frame, and the Grand Scale pattern has now more than doubled in size from the original to accentuate larger landscapes and soaring ceilings. Cost-effective and environmentally sound, this renewable resource is beautifully stained in 15 hues and hand-finished in our Chicago studio. Ajiro wood veneer wallcoverings are an attractive alternative to costly solid wood paneling.

### Unveil™

#### Lace Fabric Wallcovering

The perfect marriage of two substrates create a bond of beauty and long-lasting durability. An intricate layer of polyester lace is laminated to a strong non-woven substrate. The lace resists pigment during the coloring process creating stunning depth and texture. The organic and rhythmic pattern also provides an almost seamless installation. With 12 colorways to choose from, Unveil adds subtlety and sophistication to any setting.

### River Bed II™

#### Type II Vinyl

River Bed II magically conveys the essence of our original hand-painted and free-flowing River Bed paper. The organic design beautifully utilizes matte and metallic colorations to capture the dimensionality and reflection of stones lining a gentle stream. This wallcovering is suitable for any environment where beauty and maximum durability are a must. Available in 11 stunning colorways.

### Jewel Collection® Momi Moonstone™

#### Abaca & Rayon Fiber Paper

Momi Moonstone follows the time-honored tradition of Japanese papermaking. Pure abaca pulp is stamped with an intricate copper plate dipped in rayon fiber. The rayon fiber reflects light and the Japanese crinkling technique, Momi, adds another layer of dimensionality and luster. Momi Moonstone is reminiscent of silk or velvet and creates a setting that harmoniously combines culture and beauty. Available in 10 tranquil colorways.

### Jewel Collection® Horizon™

#### Abaca & Rayon Fiber Paper

Much like our Momi Moonstone, Horizon follows the time-honored tradition of Japanese papermaking where strands of rayon fiber are pressed onto pure abaca pulp. Soft colorations add the perfect balance in any setting. Horizon creates a surrounding of quiet elegance and the tranquility of gentle tides. Available in 10 calming colorways.
