Mother of Pearl On The Half Shell™

Tiles of Genuine Seashell

Hurly Burly II™

Type II 54" Vinyl

Here we have the usual
Voice like water's songs
And here among pearls
The pearliest
This little life of mine
Is now the hurly burliest

Extraordinary Surfacing Materials

FOR IMMEDIATE RELEASE

Starlit Lattice™

Genuine Seashell and Beadazzled Glass Bead Tiles

Starlit Lattice is an opulent combination of Maya Romanoff's most iconic products: Beadazzled glass beads and Mother of Pearl tiles of genuine seashell. Hand-beaded in Maya Romanoff's Chicago Studio, Starlit Lattice intertwines glass and seashell with delicate precision to create the ultimate MAYA experience.

Mother of Pearl On the Half Shell™

Tiles of Genuine Seashell

Taking Mother of Pearl to the next level of luxury! Mother of Pearl On the Half Shell tiles layer fragments of capiz shell in an organic pattern to create a highly active, visually entrancing surfacing material. Hand-finished in Maya Romanoff's Chicago Studio.

Hurly Burly II™

Type II 54" Vinyl

Inspired by the course weave and textured surface of woven fiber, Hurly Burly captures these elements in a Type II 54" Vinyl. Perfect for creating a contemporary backdrop, Hurly Burly comes in nine handsome colorways.

Brushed Silk II™

Type II 54" Vinyl

Replicating the texture and refractive quality of a textile, Brushed Silk is a Type II 54" Vinyl inspired by our popular hand-painted Raw Silk. Elegantly combines the nuance of a silk wallcovering with all of the ease and durability of a Type II.
